News #1: The Day the World Changed for Big Oil

After shareholder and court challenges, Exxon, Shell and Chevron will have to clean up their acts much faster than planned. Three of the world's biggest publicly traded oil and gas companies — Exxon Mobil Corp., Royal Dutch Shell Plc, and Chevron Corp. — were dealt stinging blows on May 26 by shareholders and a Dutch court demanding that they act more quickly to reduce their greenhouse gas emissions.

News #2: Air Products plans \$1.3-billion hydrogen plant in Alberta as oil and gas industry seeks net-zero emissions

Alberta's oil and gas industry, with funding from both Ottawa and the provincial government, has introduced significant new plans for lowering the province's substantial industrial emissions while greening its image.
